

CLEVIS MOUNTING ASSEMBLIES

CLEVIS MOUNTING ASSEMBLY WITH LOAD CELL

These isolated tension load cell mounting assemblies incorporate a complete clevis mounting unit. Assembly includes clevis, rod end bearings, grounding strap, all hardware and a TARE "S" Cell. The design of this suspension system provides accurate alignment of load cells and incorporates built-in electrical isolation via grounding straps and nylon washers. Assembly easy to install and eliminates the need for "I" Bolts and isolators. **"MUST BE INSTALLED IN CONJUNCTION WITH PROPERLY RATED "SAFETY CHAINS"."**

CLEVIS MOUNTING ASSEMBLY (NO) LOAD CELL

These isolated tension load cell mounting assemblies incorporate a complete clevis mounting unit including: clevis, rod end bearings, grounding strap and hardware. The design of this suspension system provides accurate alignment of load cells and incorporates built-in electrical isolation via grounding straps and nylon washers. Easy to install and eliminates the need for "I" Bolts and isolators. **"MUST BE INSTALLED IN CONJUNCTION WITH PROPERLY RATED "SAFETY CHAINS"".**
