

FLOORWEIGHERS

TARE PLATFORM SCALE "FLOORWEIGHER"

The TARE INC. ELECTRONIC PLATFORM SCALE SERIES L-300 "FLOORWEIGHER" are 4" high which permits the scale to be installed in a shallow pit, or set on the floor and used with a low profile ramp. Heavy duty constructed super structure provides for years of trouble free industrial use. No maintenance, only periodic testing for accuracy with customer's test weights. Accuracy meets NTEP approval, (NTEP load cells 5000 division), when used with appropriate instrument. Available in a wide range of custom sizes, and capacities at no additional cost. *Pre-calibrated* for easy set-up. Warranty 1 year.

TARE PLATFORM SCALE WITH INDICATOR

This TARE INC. ELECTRONIC PLATFORM Scale with TI-500E Digital indicator has been designed to provide the utmost product quality with scale accuracy. A complete weighing package is *pre-calibrated* for ease of installation. Accuracy meets National Bureau of Standards, NIST conformance when used with the TI-500E instrument. Power Requirements: 110 VAC. Warranty 1 year on scale base..

## PORTABLE SCALE CART

The Tare Portable Scale Cart (only) is built from heavy angle iron and structural channel steel to withstand years of heavy, hard industrial use. It has four roller-bearing cast iron wheels (two 4" rigid in the front and two swivel wheels with locking foot brakes in the rear). Pallets and wide loads can be loaded onto the scale easily in any location. Roll it from one area to another to eliminate extensive moving of materials. Sizes: 3' x 3' or 4' x 4'. Dimensions: 63" L x 49" W x 6.25" H. Push Bar: 49.5" H. Shipping Weight for cart only 250 lbs, with scale base approximately 550 lbs. Warranty 1 year.

TI-500E

ORDER NO.	DESCRIPTION	PRICE
L300-11	48" x 48" for a "Floorweigher", Cart Only	\$ 1450.00
L300-11-3	36" X 36" for a "Floorweigher", Cart Only	995.00

## WAY BARS

These TARE Portable Way Bars are built to withstand even the harshest environments. Built of thickwall tube steel, they will give you 150% performance when weighing. Two bars per set, with standard shear beam load cells. They have built-in horizontal checking to assure accurate weightments. The bars are equipped with 8' of cable. These way bars convert existing systems such as tanks, hoppers, or conveyors into accurate scales. Can also be converted to a floor scale by placing 3 or 4 tubes between them to weigh skids or drums. Complete with TI-500E Digital Indicator and *pre-calibrated* for easy set up. Power Requirements: 110 VAC. Shipping Weight shown below. Warranty 1 year.

Way Bars with Connectors

ORDER NO.	PLATFORM SIZE	PRICE
