

FORK LIFT AND PALLET SCALES

PALLET WEIGHER - "LITE WEIGHT"

This lightweight multipurpose pallet weigher is portable and can withstand any beating you can dish out. It is self-leveling so no adjustment is needed on uneven floors. It is light weight, can be easily moved, and is economical. Size 32" W x 44" L x 5" H. Standard RS232 interface. TI300-E indicator. Shipping Weight 200 lbs. Warranty 2 years.

ORDER NO.	CAPACITIES	PRICE
T350-M	2000 lbs x 0.5 lbs	\$ 1692.00

OPTIONS

- Compact Printer
- Indicator Floor Stand

PALLET JACK SCALE

The Pallet Jack Scale is designed and built for strength, accuracy, and durability. The tubular steel construction and load cell configuration makes this scale able to withstand heavy end loading and years of heavy, hard industrial use. It fits all small and large pallets, and all standard pallet jack trucks. It can be easily moved to different locations, and the leveling foot assembly guarantees accuracy and repeatability. Complete with TI300-E digital indicator. Size: 48" x 48" x 3" H. Power source: 110 VAC 60 Hz. Shipping Weight 335 lb. Warranty 1 year.

ORDER NO.	PART NO.	DESCRIPTION	PRICE
L410		5000 lbs x 1.0 lbs	\$ 1664.00

PALLET STRETCH WRAPPER SCALE

From its rugged scale base to its sensitive, electronic display, this electronic pallet wrapper scale is the practical and proven Scale (base only) for weighing operations where precise measurement is required. The scale base is 46"W x 96"L. The height of turntable off floor with scale is approximately 5-3/4". Capacity 5000 lbs x 1 lbs. Includes TI500-E digital indicator. Standard RS232 interface. Power Requirements: 110 VAC. Shipping Weight 850 lbs. Warranty 2 years.

ORDER NO.	CAPACITIES	PRICE
H196	Scale Base Only (less stretch wrapper) 46" W x 96" L, 5000 lb Capacity	\$ 3895.00

OPTIONS

H196-1	Ramp (48" W x 84.5" L)	1695.00

FORK LIFT AND PALLET SCALES

FORK LIFT SCALE

This column mount light weight scale attachment uses your present forks. The FLS-5000 Fork Lift Scale allows shippers and material handlers to "weigh as they go" which will save time, improve productivity, save floor space, and keep traffic lanes open. It is easy to install which allows it to be installed in minutes. Powered by fork lift truck batteries, with 10 to 56 Volts DC. Built-in double overload protection against the front and lateral shock loads. Capacity: 5000 lb. x 2 lb (2,500 kg x 1 kg). Shipping Weight 185 lb. Warranty 1 year.

ORDER NO.	PART NO.	DESCRIPTION	PRICE
L400	FLS-5000	Fork Lift Scale, 5000 lb x 2 lb, 36" W x 16" T x 4.35" D, complete with model MS-3650 Digital Indicator	\$ 5195.00

PALLET TRUCK SCALE

The Pallet Truck Scale is designed for long-term, high accuracy industrial applications. The forks are constructed of 3/8" high tensile steel channel. Within the forks are four NTEP certified sensing devices which are sandwiched in their own steel channels for 100% impact protection. Two internal rechargeable 6V lead acid batteries provide up to 40 hours of continuous operation which insures total portability. The 6 digit, 7" LCD display with EI backlight is protected in a sealed NEMA 12 enclosure. Forks: 45.4" L x 27" C/C W x 3.3" H. Power Source: A/C adapter/recharger, 12 VDC, 800mA or 6V lead acid battery (both included). Shipping Weight 375 lb. Warranty 1 year.

ORDER NO.	PART NO.	CAPACITY	PRICE
L425		Capacity: 3000 lbs x 1 lb	\$ 2495.00

HAND PALLET RUNNER

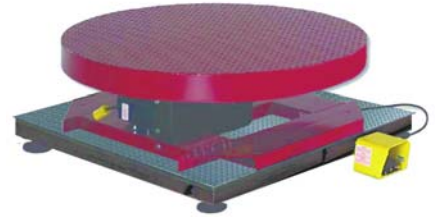

This Hand Pallet Runner is a multifunctional mobile weighing system. Fast readouts of the lifted weights. High accuracy, even with a sloping or eccentric load. Extra accurate readouts for small weights. Standard watertight display. Low fork height and high ground clearance. Epoxy coating. Scale functions: zero, gross/net, total weight with tare function over total capacity. Lb/Kg toggle switch. LCD display with 0.7" digits with backlight housed in a Nema 4 watertight enclosure. Battery lasts 1 year when used under normal conditions. Power supply is 4 "AA" batteries (included). Auto shut off after 3 minutes load stability. Polyurethane tandem rollers. Fork length: 47.5", Fork Width: 6.7", Fork height: 3", Lifting height: 8", Total Width: 27". Shipping Weight 300 lbs. Warranty 1 year.

ORDER NO.	PART NO.	CAPACITY	PRICE
L426		Capacity: 5000 lbs in 2 lb steps	\$ 2495.00
L426-1		Capacity: 5000 lbs in 2 lb steps (NTEP Approved)	2695.00

PALLET WRAPPER AND SCALE SYSTEM

This Pallet Wrapper Turn Table and Electronic Scale are the practical and proven way to shrink wrap and weigh a shipping skid all at one time. From its rugged scale base to its sensitive, electronic display, this system is built to withstand tough, industrial environments. The convenient on/off floor foot peddle allows the operator complete control over the turn table and two-handed control over the shrink wrap material. A 3/4 hp DC motor drives the turn table. Complete with TI-500E digital indicator. Size: 48" x 48". Height of turntable off the floor with scale: 18.0". Weighing modes: lbs, kg. . Power source: 120 VAC 60 Hz 20 amps. RS232 interface standard. Shipping Weight 840 lbs. Warranty: 2 years.

ORDER NO.	PART NO.	DESCRIPTION	PRICE
H190		Turn Table and Scale Base Combination, 4000 lbs x 1.0 lbs	\$ 4795.00
OPTIONS			
L300-9A		Indicator Column and Stand, 38" High	245.00
F322		Zebra Label Printer Thermo	590.00
L300-32		Ramp, 48" W x 60" L	929.50

All systems assembled and pre-calibrated at our factory using test weights that have been certified by the Dept of Weights and Measures prior to shipment for a TURNKEY set upon installation.

PALLET WRAPPER AND SCALE SYSTEM

TARE's H-201 series Pallet Wrapper and Weighing Scle system is for low volume applications that require pallet jack loading, and uses solidstate technology to assure product performance and accuracy. From the 3/4 HP RPM motor-driven variable-speed turntable to the sensitive 5000 lb capacity scale base, the system can be used without caution in areas which are subject to high traffic. With the soft start and stop, loads will not shift or jerk and the speed can be adjusted for lighter loads. The convenient on/off floor foot pedal allows the operator complete control over the turntable and two-handed control over the shrink-wrap material. Load the 48" round turntable, attache the film, set the turntable speed, press the footswitch and wrap the pallet as it turns. Built-in reliability, low maintenance, and proven product acceptability make this system unbeatable. Wrap and Weigh all at the same time. Size: 48" W by 103" L x 7" H. Shipping Weight 934 lbs. Warranty: 2 years.

FORK LIFT AND PALLET SCALES

PALLET WRAPPER AND SCALE SYSTEM

TARE's H-204 series Pallet Wrapper and Weighing Scale system uses solidstate technology to assure product performance and accuracy. The turntable system is complete with a variable speed turntable 0-15 RPM and a soft (start, stop on/off) foot switch. It is also equipped with a variable speed film carriage to move the stretch wrap dispenser up and down. Just load the turntable, attach the film, set the film carriage's vertical speed, and the turntable speed dispenser's stretch wrap tension. You can vary the speed as you control the up and down movement of the dispenser with a toggle switch. The film carriage has a built-in top delay and auto stop and is driven by a heavy-duty variable speed, 0-20 FMP, 1/4 HP 90 VDC motor. the 3/4 HP DC turntable motor utilizes a standard 120VAC 50 Hz 20 amp power outlet.. Increase productivity, optimize film usage, and have tighter load security. Wrap and Weigh all at the same time. Shipping Weight 934 lbs. Warranty: 2 years.
